MINISTRIES

September 5<sup>th</sup>, 2015

## Monthly Newsletter

August was a month filled with preparations for upcoming events. At the end of July Hope Awaits Ministries had planned on holding a Community BBQ for those in need during August. We had booked the Kiwanis Bandshell for the event, but we had a more difficult time finding insurance for this event. It wasn't until part way through August when we God answered our prayers and we found an insurance company that would give us insurance for just that one day.

By that point we had less than two of weeks until the expected date of the BBQ. From there we found out that there was other paperwork that needed to be done as well. Therefore, due to our lack of time to complete everything prior to the date set out in August we were not able to hold the BBQ that month. However, even when we fail God continues to be faithful. We contacted the city about having the BBQ in September instead of August and they had one Saturday still open in September. We quickly booked that date and are excited to still be able to have this event this September!

We have also been preparing for the upcoming Ride for Refuge. For those of you who are still unsure of what Ride for Refuge is let me briefly outline it for you. Ride for Refuge is a family-

friendly cycling and walking fundraiser that raises money for charities that support the displaced, vulnerable, and exploited. On October 3<sup>rd</sup>, people across Canada and the USA are going to be riding or walking to raise money for various charities.

This year, Hope Awaits is one of those charities! In

October we will be riding and walking here in North Bay to raise money for the displaced and vulnerable in our very own community! For more information about Ride for Refuge and how you can get involved click [here](#).

We are excited for our upcoming events and can't wait to see how God will work through them!

Thank you for your continued prayers and support!

Sincerely,

Hope Awaits Ministries' Board of Directors

**Glory be to God!**
