

Hope Awaits

MINISTRIES

June 9th, 2017

Monthly Newsletter

Renovations continued to progress quickly throughout May. At the beginning of May our main floor walls were only framed, and by the end of May every room is divided with all walls being complete! Throughout the month our volunteers were able to drywall, tape, sand, mud, prime and paint all the walls on the main floor! We were also able to install new flooring in the main floor bedroom. Needless to say, our building looks drastically different than what it did a month ago!

If that was not enough change, we were also able to complete some work on the second floor and third floor, such as installing crown molding to cover various wires running along the walls. We still have a ways to go, but we have come a long way in a short time, and now that we can see the end of the tunnel we continue to get more and more excited for the day we officially open!

Two of our staff also had opportunity to share about what is happening on the radio. In May we had interviews on both KFM and Moose FM. There are still many individuals throughout North Bay and surrounding area that do not know about Hope Awaits. However, we continue to let everyone know about the amazing work God is doing within our great city!

We have also been busy planning for our upcoming fundraisers. The next one being Volley for Hope, a charity volleyball tournament on Saturday, June 24th at the Canor Molsen Sand Centre. We are excited to be able to use the outdoor courts to have a fun day of volleyball while also raising funds for Hope Awaits. We hope you will join us in this event; it is going to be a great day!

Stay tuned for our upcoming fundraisers in July, which include a Garage Sale and BBQ fundraiser, as well as a motorcycle ride fundraiser called Let Hope Ride.

Even though we are not officially open, we continue to have opportunities to help those in need. This past month we had clients stop by to make use of our "free store" to get the clothing that they require. We also helped one man in his search for an apartment in North Bay. Previous to this he had been homeless, and frequently slept on friends couches. We are pleased to be able to tell you that he had an apartment starting June 1st.

Thank you for your continued prayers and support!

Sincerely,

Hope Awaits Ministries

Glory be to God!
